

Part 2. Adoption Process and Documentation

The SEUALG PDM plan was developed as a multi-jurisdictional plan; therefore, to meet the requirements of Section 322 of the local hazard planning regulations the final plan was to be adopted by each of the municipalities as well as the four counties. This section documents the adoption process of each local government in order to demonstrate compliance with this requirement. The plan was adopted prior to being submitted to FEMA region VIII for final review. Table 2-1 identifies the communities that participated in the planning process and have adopted the plan. The following is a sample of the Adoption Resolutions.
